Dear Ms. Bending:

At our May 5 meeting in Chicago, you requested that Richmond Power & Light ("RPL") provide you with information on why RPL believes the PSD/NSR program does not apply to its 1996 and 1998 projects and to propose technology that RPL believes would satisfy the requirements of the PSD/NSR program.

This email and its attachments provide our analysis on the non-applicability of the PSD/NSR program to RPL's 1996 and 1998 projects. We ask that you carefully review our analysis and let us know your thoughts.

While we discussed in our meeting the possibility of RPL providing a settlement proposal, we believe that the starting point should be to determine whether RPL is in noncompliance. Accordingly we ask you to review our analysis concerning this primary issue. If there is disagreement, we ask that you provide us with reasons for why you disagree and to arrange a time to discuss the compliance issue further.

If you have any questions, please contact me at this email address or at 317.231.7472.

Sincerely,

Tony Sullivan
